ISMF Rules Commission

During the last Management Committee held in Barcelona on Saturday the 28th November 2009, a new ISMF Rules Commission has been created.

This new Rules Commission has been completely reorganized.

We have appealed to the member federations of the ISMF who want to deal with this hard task.

Each interested federation has presented at least 2 candidates.

These candidates should represent the Alpine Ski in the heart of their federation.

Four federations have replied to the ISMF appeal.

The Rules Commission will hold its first official meeting in Chambéry (France) on 08/02/2009.

In the program, choice of the responsible of the Commission, tasks distribution, planning.
